INVITATION

The Central Placement Cell, University of Delhi has been active in helping students to get placement and internship. It is an interface between students & corporate. The CPC maintains database of students registered for placements and internship. The companies and students can register online at CPC website <http://placement.du.ac.in>

Once a student registers (online) with CPC, he/she can participate in placement/ Internship drive which are conducted regularly. The students studying in I and II year can register free of cost for internship, whereas the students studying in their final year of any programme can register for placement by paying a nominal fee through payment gateway.

The students of SOL & NCWEB can also register however in their case only database will be transferred to the companies as per companies' requirement. They cannot participate in placement.

A candidate is allowed to appear in placement drives till he/she receives three appointment letters from different companies.

I, on behalf of University of Delhi, welcome you in this forum, where you can enhance your skills and showcase in such a way that university feels proud of you.

Wishing you a very good luck in your endeavor.
